American travelers find as many proofs of their preconceived opinions in Europe as theologians do in the Bible.

Now another bank in Shelby, Montana, has failed, the last one which the city boasted. Never again will a big prize fight be staged in a Montana city.

It begins to more definitely appear that France has no serious or at least early intention of paying back her loans to the U. S. After the war there were frequent declarations of intentions to pay, but nothing has ever been done about the principal and now even some interest is past due. The developments in the Ruhr area and the disagreement between France and England are not hastening the payment day.

In some cities chautauqua interest wanes after eight or ten years. Evidently that is not the case here in Jacksonville, for this year's chautauqua is attracting widespread interest. Great audiences were present on the

opening day and Sunday there was another good record made yesterday. If favorable weather continues the record of Jacksonville's 1923 chautauqua will be written with the use of the word "success."

The trustees of Millikin university at Decatur face the task of selecting a new president for that institution. In a recent editorial the Decatur Review emphasizes the importance of this task of selection. Some of the largest business enterprises of Decatur are mentioned and emphasis laid upon the care used in selecting men to run these business institutions. Then the suggestion is made, how really important is the choice of a manager of a big enterprise where education and character are the principal products.

Rain has interfered with Morgan county threshing in a very discouraging way. For several weeks threshing on any large scale has been practically impossible. Now, however, the work has been resumed and while wheat is not in condition for easy threshing, it is fine to be able to note that thus far a heavy drop in the price of the threshed product has not been necessary.

Someone is always taking the joy out of life. Now the argument is presented that lower priced gasoline is not an unmixed pleasure. The argument is that the cheaper the gasoline the more likelihood of waste, and a still greater drawback that lower priced fuel lessens the incentive to improve the internal combustion engine and thus decrease the amount of gas consumption. It is said that this mechanical problem is one of the greatest of the day.

## ORATORICAL REFORM

The following story is told as characteristic of President Coolidge. When he was governor of Massachusetts, a friend named Newton Turgeon wrote him a long letter begging him to come to Vermont and speak at an annual dinner. Governor Coolidge replied:

"Dear Newton: Won't go. Don't care to make speeches. Nobody cares to hear them. Yours, Cal." This communication, delightful in its terseness, was not altogether true. Most people do like to hear speeches, if they are good speeches. And Mr. Coolidge, in spite of his own apparent dislike for the art, is considered a good speechmaker of a solid, substantial sort.

The incident, however, is illuminating as to the character of the new President and the example he may be expected to set in the matter of oratory—a field wherein there is much room for reform.

American oratory of the political sort is, as Kipling observed, "a fearful and wonderful thing," with speakers usually assuming a pose for platform purposes, tearing logic and passion to tatters to "catch the ears of the groundlings," and using the hackneyed catchwords and clatter of the stump as substitutes for clear statement and sound reasoning. And truth to tell, most banquet room oratory is not much better.

The country would gain much from fewer speeches and shorter ones, in Washington and everywhere else. President Coolidge has it in his power to perform a valuable public service if he sticks to his old oratorical ideals instead of yielding to the influ-

ence of the school of oratory at the other end of Pennsylvania avenue.

## FUNERAL OF AGED MORGAN COUNTY MAN

Funeral of Late Thomas Stringer Held Monday Afternoon at Home Southeast of City—Other Winchester Items.

Winchester, Aug. 20.—The funeral of the late Thomas Stringer was held Monday afternoon at the family residence, eleven miles southwest of Jacksonville. The services were in charge of Rev. G. T. Wetzel of Jacksonville, and were attended by a large number of the friends and relatives of the deceased.

Music for the occasion was furnished by Mrs. Leila Horning, Mrs. B. F. Rawlings, F. J. Schofield and B. F. Rawlings, with Mrs. Fred Schofield as accompanist.

The bearers were William Cockerill, Harry Stringer, Fred Stringer, Lee Fletcher, Roy Lawless and Len Fearnoughough.

The deceased, who was one of the oldest residents of the county was a prominent and prosperous farmer. He was at the time of his death 97 years, 4 months and 22 days of age. He was born in Lancashire, England and came to America in the year 1849. He was the oldest of six children, all of whom remained in England.

Mr. Stringer lived for a time at Delaware, N. J., and later came to Morgan county, where he has since resided. He was one of the pioneer residents of the county and shared with other early residents the hardships of pioneer days. He purchased land and built the home where he spent the greater part of his life and where his death occurred.

In 1859 Mr. Stringer was married to Miss Mary Anne Hart who passed away in 1897. Five children survive: Mrs. Laura Cockerill, Manchester; Mrs. Margaret Fletcher, near Winchester; William Stringer, Mrs. Mary E. Schofield, near Woodson; Mrs. Elizabeth Hodges of Missouri. There are also seven grandchildren and six great grandchildren.

Mr. Stringer enjoyed excellent health the greater part of his life and had maintained his faculties to an unusual degree. He was able to help with the spring work on the farm this year and it was only in recent weeks that ill health forced him to give up his active life. He had for some time made his home with his son William.

The deceased was a faithful member of the church and was a man who thru all the years of his long life had the esteem and good will of all who knew him. He was honest in his dealings with his fellow men, a good neighbor and a true friend. He will be greatly missed in the community which had for so many years been his home.

## PROF. TURNER HONORED WITH MEMORIAL STONE

Great Boulder in Granville High School Yard Commemorates Idea Which Developed a Great Educational System.

Granville, Ill.—A giant boulder of granite, dropped into a bed of limestone by some prehistoric glacier, then sent hurtling down a hillside by the hand of man, has finally come to rest here in Granville to mark the spot where the world's greatest educational idea was born.

Out of the obscurity of eonic ages, this great rock has come to commemorate an event which itself has lain in obscurity for three-quarters of a busy century. A monument to an educational idea is considered unique, but the fact is forever preserved by a bronze tablet riveted into the face of the rock, the words of which indicate the destiny of this boulder.

J. B. Turner  
"This marker commemorates the Granville convention of November 18, 1851, at which Jonathan Baldwin Turner first proposed the plan for establishing other institutions for scientific industrial learning by federal aid a plan which laid the foundation of the University of Illinois and every other land grant college of the nation."

The boulder was placed recently on the campus of the Hopkins township high school by the Granville Community Association, which initiated the movement for a monument to commemorate the memorable "Granville convention of 1851."

Dean H. Inman is principal of this high school. For two years he searched the surrounding country within a radius of 12 to 15 miles for a natural boulder with the size, color and texture suitable for the purpose.

This spring, a satisfactory boulder was located on the south bluff of the Illinois river opposite Peru. The stone was blue-gray in color and ideal in shape for a marker. It rested in a bed of limestone on the side of the bluff—a great mass of granite completely surrounded by the softer limestone rock.

Moving the Boulder  
But it weighed 20,000 pounds! The problem was how to get this great mass of rock down from the hillside where it had lain thru all the ages, and, after getting it down, how to transport it to Granville.

The problem was solved by A. C. Best & Son, stonemen, of Princeton. They made a simple job of it the inexperienced hands would have found it a herculean task. Except for the fact that the boulder got away and went on a wild rampage down the hillside, nothing else happened.

The boulder was jacked up out of its resting place and put on rollers. An incline plane was constructed down the bluff to a roadway where a heavy stone wagon waited to receive it. The huge stone was eased down an inch at a time until it rested on the wagon.

Once during the descent the giant granite got away from the men and gathering momentum headed for the valley below where perhaps it could never have been rescued. But a mammoth tree, standing in the way, finally subdued the great rock and prevented its perverse attempt to resist captivity.

By Two Men  
Remarkable as it seems, the work of getting the stone down to the wagon was accomplished by only two men, but they had special apparatus and were experienced in handling heavy stone.

Three teams of heavy draft horses pulled the wagon with its ten ton burden by easy stages to the high school grounds, where it was deposited upon a steel reinforced concrete base prepared to receive it.

The plans upon which the University of Illinois and fifty-two other colleges in the United States were created as commemorated in the monument, was first proposed by Prof. Jonathan Baldwin Turner of Jacksonville, a pioneer educator of Illinois, who is said to have done more for education in this state than any other person. The plan was fought for by the Illinoisans and

finally the law was signed by an Illinoisian as president—Abraham Lincoln.

In November, 1851, a farmer's convention was held at Granville. It was attended not only by farmers, but by ministers, lawyers, doctors, senators, and representatives as well as mechanics. They came principally from the counties of central Illinois.

The central thought and deliberation of this convention for two days was a speech by Prof. Turner on "A Plan for an Industrial University for the State of Illinois." The convention had been called to consider plans for the founding of an agricultural university. Prof. Baldwin Turner outlined a system of national education which should include a university for the industrial classes in each state. The plan finally adopted by the United States government in founding the state universities and other land grant colleges is almost identical with that of Turner's.

## The Jacksonville Chautauqua

Increasing interest is shown in the Jacksonville chautauqua. There were great audiences Sunday afternoon and evening, with far more than average attendance at the Sunday morning service, when Rev. T. H. Tull preached the sermon. The addresses by Dr. Howard and Count Tolstoy were impressive. The community band programs were received with enthusiasm. In fact, all the program events were of a kind to interest the audiences.

Clinton N. Howard of Rochester, N. Y., chairman of the World Peace Commission, was

the speaker at Chautauqua Sunday afternoon. His speech, "The Next Great World Event," was very well received.

He maintains that the next great world event should be universal disarmament. He advocated law as a substitute for war.

He said in part: Security does not rest upon the sword. Does anyone imagine that France is any more secure for the future by adding to her immense air fleet, where she is already supreme with 140 air squadrons, anyone of which could destroy London in a night? Burdened with the

revolutionists was that they thought men could be made equal by violence instead of by the slow but sure combination of evolution, education and Christian teachings.

Last evening the Brown Jubilee Singers and Reno the well known magician, shared alike the applause of the audience.

The Singers, the first to appear, followed a program much similar to that they offered in the afternoon. Negro spirituals and folk songs were added little comic skits for the children to make a harmonious and successful evening entertainment.

Two of the features of the Jubilee concert were the solo of H. Berton Woodfolk, one of the greatest negro tenors in the country, and the excellent piano work of Miss Marie Brable. Miss Brabel took first prize in Piano work at the American Conservatory of Music three years ago. She graduated from that institution.

Such Mother Goose Classics as Hickory Dickory Dock and Little Jack Horner brought much applause from the younger portion of the audience.

**Magic**  
But the youngsters has not yet seen the big children's event of the entire ten days. Reno the magician was on hand with a stock of what he declared, and what seemed to be, an entire bagfull of new tricks and sleight of hand mysteries. Reno's act is especially well known and liked because of his use of live animals in it.

The magician here yesterday took great pride in the fact that two of the greatest magicians on the stage today were boys. These are Howard Thurston and T. Nelson Downs, the greatest coin performer in the magic world.

**Lectures on Civics**  
Mrs. W. W. Ramsey of Chicago made the first of a series of three addresses on civic subjects at the chautauqua grounds yesterday morning. Her subject was "Efficiency in Government."

Seventy ladies were present. "No woman," said Mrs. Ramsey, "can say that she is not concerned in politics. A mother finds that her child is in effect not her own under present laws. The state takes hold and requires among other things that the child attend school on reaching its sixth year, that it have certain physical examinations, etc."

The speaker is a woman of national reputation in her chosen specialty of Civics. She comes here as an officer of the Illinois League of Women Voters. Although devoting her time to politics now she has raised a family of children and is now laboring to make a better commonwealth in which they and other mothers' sons and daughters may live.

Today she will discuss state government in the big tent at 11 o'clock.

The lady is being entertained by Mrs. W. C. Bradish at her home on West College avenue and a reception was given in her honor at the chautauqua grounds yesterday afternoon.

## PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year?

To rid the pesky bedbug, you readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the fastest and most economical way to stop the pest is to use the new discovery P. D. Q.

A 5c package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and cotes and at the same time destroy their eggs.

Impossible for them to exist when P. D. Q. is properly used. Free a patent spent in every package to get the pesky devil in the hard-to-get-at places and save the juice.

**THE Standard Oil Company (Indiana)** has announced an immediate reduction in the price of gasoline of 6.6c per gallon applicable throughout the entire territory in which it does business.

It asserts that the retail prices thus made are below the cost of production and distribution.

The Governor of the State of South Dakota, buying distress gasoline below cost of production, and charging against the State no adequate cost of distribution, is selling gasoline to the public in the State of South Dakota at 16c per gallon.

The Standard Oil Company (Indiana), operating on its established policy that the customers who purchase its goods should never be compelled to pay a higher price than that fixed and maintained by any competitor, quality and service being duly considered, has met this price.

Other State Executives and Officers of municipalities, with entire propriety, have suggested that any prices made in South Dakota be made applicable in their States. Competitors in other states and communities over the territory, also buying distress gasoline below cost of production, have also cut the prices hitherto established and maintained, in substantial amounts.

In establishing the above price, the Standard Oil Company (Indiana) is not endeavoring to injure any of its competitors in any way.

It deprecates the stand taken by some of its competitors that the Standard Oil Company (Indiana) is endeavoring, by reason of meeting these cuts in price and these demands for lower prices, to put its competitors out of business.

The Standard Oil Company (Indiana) does not wish to put any competitor out of business because it feels that competitors are necessary to the successful conduct of its business. It will welcome a change of attitude on the part of all parties concerned resulting in a reasonable price for gasoline which will enable not only it but all of its competitors to enjoy a reasonable profit.

It recognizes that the majority of its competitors are fine business men, entitled to the fairest treatment both by the public and by this Company.

The present situation is an exact parallel to one where the butcher, the grocer, the druggist, the dry goods and shoe merchants and every other retailer would be forced to sell at less than the wares cost.

How long would it last? What would a condition like this do to all of us—it it persisted and spread?

We want no monopoly—seek none. We want your trade—but only on the basis of quality and service—not as the result of impossible prices.

We want competition—you want us to have it. It makes the scales of business balance.

These are not idle words. They mean just what they say.

## EIGHTH INNING RALLY BRINGS HOME THE BACON

Indees Put Over Two Runs on Two Singles and a Base on Balls Coupled with Good Base Running — Game Was Well Played.

After trailing in a two to one count for seven innings, the Indees rallied in the eighth and put over two runs, winning from Myers Brothers by a score of 3 to 2.

The game was well played throughout with Dove and Fanning having the situation in hand most of the time. Each allowed seven safeties. The visitors had two doubles and a triple mixed up in theirs and two of the extra base blows counted runs.

Dove, while he struck out eight men, walked four and one of the walks resulted in a run. Fanning walked one man and hit one and struck out six. None of his walks resulted in runs. The visiting team played without an error while the Indees turned in three misplays and one of them gave Myers Brothers their second and last run.

There was some good fielding on the part of both teams. DeFrates, despite his wild throw, played a fine game in the field, while Kohloff closed the game with two men on in the ninth and two down when he captured the hit gone safe two men would have scored.

Moakley made a great stop of DeFrates' drive in the seventh and got his man at first while Watling and Fernandes also contributed some fast fielding.

Each team scored a run in the second inning. With one down Albers hit to right for three bases and scored on Lascoy's sacrifice fly. The Indees evened the count in their half, three singles and Ruble's stolen base putting over a run.

Myers Brothers added their last run in the second when Feeney's double, Fernandes' sacrifice and DeFrates' wild, heave to first let the run over.

After that the pitchers tightened up. Dove did not allow a hit until the eighth and Fanning only allowed four. In the last half of the eighth after Fanning had lined to Fernandes, Massinkoff walked. He took second on Christopher's out, Dove to Albers, and scored on Kohloff's single. Ruble singled sending Kohloff to second. DeFrates hit a grass cutter between third and short. Moakley made a great try for the ball but could not handle it and Kohloff scored. Smith ended the inning by striking out, but that was enough. The score:

## WASHINGTON MAKES IT THREE STRAIGHT

Defates Browns in Stormy Game 7 to 2 — Umpire Evans Banishes Austin then Puts Everybody but Regular and Three Substitutes Out.

ST. LOUIS, Mo., Aug. 20.—Washington made it three straight from St. Louis by winning today's contest 7 to 2. Williams used his alleged illegal bat but did not get a hit. Manager Jimmy Austin asserted Williams would be allowed to use the wooden plumb in the business end until Ban Johnson president of the American League ruled the club was not allowable.

In the fourth inning Manager Austin was banished by Umpire Evans for objecting to ball and strike decisions and in the next Evans ordered all the team, except the playing regulars and three substitutes, out of the dugout for "booming" because of the action taken against Austin.

## SECOND CHOICE NOSES OUT FAVORITE

NORTH RANDALL, Cleveland, O., Aug. 20. (By the Associated Press)—Just David, second choice in the betting, won the North Randall \$5,000 purse, featuring today's Grand Circuit opening program from one of the best fields of the 2:10 class trotters ever to face the starting line. The winner, driven by Charles Valentine, of Columbus, Ohio, took the first two heats and was a close third in the final heat after a break. This mile went to Fayette National which won second money. Taurida was third.

Pearl Benbow, Tom Murphy's \$25,000 mare and favorite to win the event went into a break in the stretch run in each heat and finished a bad ninth. However, Murphy maintained his lead in driving winners, taking two firsts with Merriman and Count Buegle today. The Tanner plan of three heats racing was inaugurated here today and will be continued for the rest of the meeting. It provides for the elimination of the third heat if one horse wins the first two. This plan applies only to purse events, the early closing stakes continuing to be raced under the old system.

Summary: 2:14 class pacing, purse \$1,200—Raven Direct's Heir, won; Ophelia V., second; Ruby Galewood, third; Larkspur, fourth. Time, 2:06 1-4. 2:10 class trotting, purse \$5,000—Just David, won; Fayette National, second; Taurida, third; Eleanor Gay, fourth. Best time, 2:04 2-5. 2:04 class pacing, purse \$1,200—Merriman, won; Roger C, second; Sunflash, third; Peter Daphne, fourth. Best time, 2:03 1-5. 2:20 class trotting, purse \$1,200. (First division)—Count Buegle, won; Ruby Hall, second; Lee Bond, third; All Worthy, fourth. Best time, 2:07 3-5.

## FIRPO TO BEGIN WORK FOR FIGHT

NEW YORK, Aug. 20.—For the first time since he signed to fight Jack Dempsey, heavyweight champion, at the Polo Grounds on Sept. 14, Luis Angel Firpo today gave his undivided attention to preparation for the title bout. Shortly after his return from Indianapolis where he ended an exhibition tour of several weeks by boxing Joe Downey, who was taken to a hospital from the effects of the Argentine's punishing blows, Firpo left for Atlantic City to inspect his training quarters. He will return to New York tonight to meet his new trainer, Horatio Lavelle, who is due tomorrow from Buenos Aires. Lavelle, who has supplanted Jimmy DeForest, veteran American trainer, in Firpo's retinue, will take charge of the pugilist's program of conditioning at the seaside resort. Active workouts are slated to start Wednesday. Firpo today obtained Cliff Kramer, Seattle heavyweight as one of his sparring partners.

## ALEXANDER TEAM LOST AT WINCHESTER

The crack Alexander baseball team had its measure taken Sunday by the Winchester team at the Scott county capital by a score of 7 to 4. Although Ray Zell, pitching for Alexander, allowed only six hits while Sibert of Winchester was nipped for 10 blows, the absence of Coleman and Young from the Alexander lineup coupled with errors on the part of the visitors, were the main contributing causes for the defeat. Four runs were scored by Winchester in the sixth session and the Alexander aggregation were unable to overcome the lead. The teams will meet for another clash this season and the boys from the eastern part of Old Morgan are saying, "But they can't do it again." Alexander has made a good record this season and if their regular lineup had been present the tune might have been far different.

## YANKEES WIN GAME FROM WHITE SOX

Winners Hammer Three Pitchers Hard—Sox Make Lots of Hits But Get Few Runs.

CHICAGO, Aug. 20.—In a wild game in which the Yankees wielded their bats freely the White Sox were defeated today, 16 to 5. Faber started for the White Sox but when a big lead was rolled up against him he retired in favor of Gillenwater and Castner who were hit hard. Ward hit a home run with two on in the first inning. Ruth delivered a triple and single.

## WAITE HOYT, YANK PITCHER, SUSPENDED

CHICAGO, Aug. 20.—Waite Hoyt, star pitcher of the New York Yankees today was indefinitely suspended by President Johnson of the league, following his attempted attack upon Umpire "Brick" Owens yesterday. Bill Barrett of the Chicago club was called safe on a close play at the plate in yesterday's game when he scored the winning run in the eighth inning. Hoyt protested the umpire's decision and made vain efforts to strike Owens. Other players restrained him from doing so and he was led off the field.

## KINSEY BROTHERS ARE ELIMINATED

BROOKLINE, Mass., Aug. 20.—The first round of play in the national doubles championship tournament on the courts the Longwood Cricket club, Chestnut Hill saw the elimination of Howard and Robert Kinsey of San Francisco rated America's premier doubles combination in straight sets.

Conquerors of the California were Manuel Alonzo, of San Jose and Wallace F. Johnson, Philadelphia whose play was brilliant as was their opponent lacking in lustre. All other seeded combinations advanced into the second round which will be played tomorrow. The Kinseys brothers whose rise in fame has been spectacular as it has been rapid, prior to breaking up of the Tilden-Rands combination was ranked second in the country and under their poor showing of today, had a successful season, which reached a climax, when they won the doubles championship at Newport Casino last week.

# Market Report

## UPWARD MOVEMENT IN STOCKS CHECKED

**FINANCIAL.**  
Total stock sales 576,000 shares.  
Twenty industrials averaged 91.71; net loss .61.  
High 1923—105.38; low 86.91.  
Twenty railroads averaged 79.53; net loss .13.  
High 90.63—low 78.78.  
Total bond sales (par value) \$6,532,000.

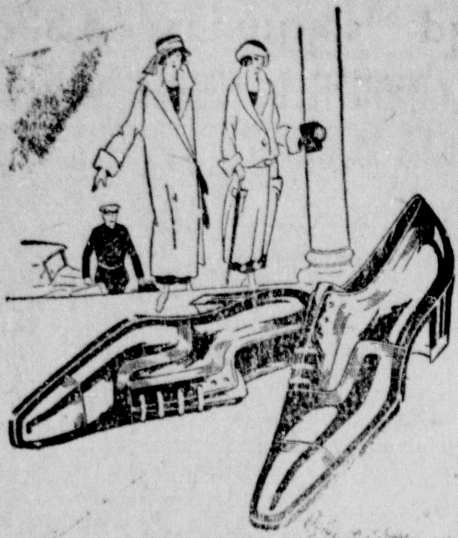

NEW YORK, Aug. 20.—The up- ward movement of stock prices which had been in progress for five days was temporarily check- ed today by profit-taking on the part of professional traders, who had bought stocks for a turn a week or ten days ago, and by the offerings of short interests who desired to test the absorptive power of the market. Offerings generally were well absorbed, losses of one to two points being sub- stantially reduced in the closing dealings when a fair sized rally was staged under the leadership of the independent steel and leather shares. The so-called pivotal stocks, U. S. Steel, Bal- dwin, Studebaker, American woolen and American can, all closed at net losses of a point or less. Another cut of 25 cents a barrel in the price of Gulf Coast crude oil with reports that it would be followed by another re- duction in the Mid-continent price and lower raw and refined sugar prices had a somewhat pessimistic effect on sentiment.

Another of Wall street's di- vided rumors came thru today when the directors of the Hudson Motor Car declared a quarterly payment of 75 cents, placing the stock on a \$3 annual basis, as against \$2 heretofore. While the stock market continued to ignore development abroad, Wall street was inclined to look upon Pre- mier Poincare's Sunday speech as conciliatory in tone and the Ger- man chancellor's expected reply is awaited with great interest.

The foreign exchange market was featured by another collapse in German marks which sent them down to 12 cents a million, a week-end depreciation of more than 50 per cent.

Call money opened at 4 1/2, advanced to 5 and then to 5 1/2 and then dropped back to 5 again. The time money and commercial mar- kets were rather quiet with 5 1/2 per cent the ruling rate. Broker's loans are estimated to have de- creased \$50,000,

### INDIAN NOT FAIRLY TREATED IS CLAIM

"Grey Wolf" Makes Plea to Give  
Redman Rights of Citizenship.

The plea of the mistreated Indian was the theme of C. C. Babitt, known also as Grey Wolf, at the chautauqua yesterday afternoon. Grey Wolf appeared in all his tribal regalia, with war bonnet, tomahawk and beaded moccasins, but on his breast he wore a world war service medal with one over sea bar.

"The Indian," said Mr. Babitt, is the most unjustly treated person in the world today. He is ground down so that he may not even engage a lawyer to protect his rights without the consent of a tyrannical and sometimes dishonest Indian agent. The governments representative, the Indian agent, is the Lord and Master of the Red man. He tells him when he can get married, in what way he can support his family and what kind of car he can buy, the last named being a fruitful source of income for the agent.

**Starved to Death**  
"Two winters ago crops were poor. Scores of the Blackfeet Indians in western Montana starved to death, while their affairs were supposed to be attended to by an Indian Commissioner in Washington, a political appointee.

"Did you know that the Indian is denied the rights of American Civil law. That the laws of the state and nation do not govern an Indian reservation, that the Emperor and Dictator of the Indians is the Indian agent.

"The Indian cannot make a living on the lands the government gives him. The United States presented the heirs of the continent with land so poor that settlers would not buy it at \$2.50 an acre.

if the present system is continued the American Indian, one of the best specimens of mankind, will soon be a thing of the past. The Clearilla Indians of Arizona are in a terrible condition. In fourteen years there will not be one of that tribe alive if the present system continues.

"Here in this country of ours are 350,000 red men, suffering consumption, trachoma and a hundred other diseases without proper attention to their condition. My plea is to give the Indian equality and citizenship. An equal chance is all they ask. Their condition now is virtual slavery. Give them a share in making the laws that govern them. Is this an autocracy or a democracy.

At the close of the Grey Wolf's appeal he presented the scalp dance, that which is enacted as a sacred rite after returning victorious from the war trail.

### CHILD EXPIRES AS RESULT OF BURNS

Irma May Ornellas baby daughter of Mr. and Mrs. Clifford Ornellas, died at the family home, 754 West Railroad street at 12:30 o'clock Monday morning, after suffering for more than thirty-six hours from severe burns about the body. The child was fatally burned when she fell into a bucket of hot water about 9:30 o'clock Saturday morning. Drs. J. U. Day and T. O. Hardesty were summoned and worked through Saturday and Sunday to save the life of the little girl. Her death was the result of shock due to the severe burns.

The child was born in this city June 29, 1922. Funeral services will be held at 2:30 o'clock this afternoon from the funeral parlor of Arthur G. Cody in charge of Rev. W. E. Spoonst.

Coroner C. A. Rose held an inquest at 1:30 o'clock yesterday afternoon. The only witnesses were the mother, Mrs. Ornellas, and Dr. Hardesty. The mother testified that Saturday morning she had a bucket of hot water sitting on the front porch, which she was scrubbing. The child came to the screen and opened it. Somehow the baby lost its balance and fell into the bucket of hot water. Altho the mother had the child out of the hot water in a moment, the burns extended from the scalp to the knees. The two physicians were immediately summoned.

### JOHNSON FAMILY HELD REUNION

A family gathering was held Sunday at the home of Mr. and Mrs. W. H. Johnson on Lincoln avenue at which twenty three relatives were present. Mr. and Mrs. Matthew Johnson and son Chester Johnson motored up Litchfield to attend the gathering and to visit with relatives on Lincoln avenue and also with Mrs. S. Preston on North Fayette street. Dinner was served at noon in the yard at the Johnson home under a large persimmon tree which is considered one of the largest of its species in the county.

The Johnson family were originally from Garrard county, Kentucky, but have resided in Jacksonville several years.

### WARREN HAMILTON CALLED BY DEATH

Youth Who Was Student at Illinois College Dies Sunday Morning at Greenfield—Was Relative of Local Residents

The death of Warren Allen Hamilton, a nephew of Mrs. Claud Vail and the late George Hamilton of Jacksonville, occurred at the family residence in Greenfield Sunday morning at 3 o'clock.

Deceased was born in Greenfield in February 1904 and was the son of Mr. and Mrs. Harley Hamilton. He was a graduate of the Greenfield high school with the class of 1922 and entered Illinois College as a Freshman last fall. He was very well and favorably known both here where he attended school and in his home town and community. He is survived by his parents, one brother, Darrell, of Greenfield, and many relatives and friends.

Funeral services will be held this afternoon at 2:30 o'clock in the M. E. church at Greenfield, with interment in the Greenfield cemetery.

### WELL KNOWN YOUNG PEOPLE WED SUNDAY

Miss Grace Marshall is Bride of Leon Voge of Chicago—Bride and Groom Met at State University.

The marriage of Miss Grace Bernice Marshall of this city and Mr. Leon Voge of Chicago was solemnized Sunday morning at 9 o'clock. The ceremony took place at the home of the bride's parents, Mr. and Mrs. J. W. Marshall, 345 Webster avenue, with only immediate relatives in the wedding company.

The impressive service was said by Rev. T. H. Tull, pastor of Grace M. E. church. The house had been prettily decorated for this wedding event with summer flowers. At the noon hour an elaborate wedding dinner was served.

The bride, a member of a well known Morgan county family, graduated from Jacksonville high school in 1917 and four years later took her A. B. degree at Illinois college. Subsequently she began a course of study at the library school at the State University. It was there that she met Mr. Voge, who is a son of Mr. and Mrs. A. C. Voge of Urbana.

Mr. and Mrs. Voge, who are beginning married life under very happy auspices, left Jacksonville Sunday afternoon for Chicago, and are to be at home there at 127 North Parkside avenue.

### FORMER RESIDENT HERE DIES SUNDAY

The death of Miss Hattie Elsie Wood, a former resident of Jacksonville occurred at St. John's hospital in Springfield Sunday morning at 1:30 o'clock, death coming after an illness of several months' duration.

Deceased was born and reared in Arezville and at the time of her death was 33 years, 6 months and 24 days of age. She was the daughter of Mrs. Agnes Wood of Arezville and for a long time was employed in the Depepe dry goods store in Jacksonville, later being employed in Springfield. She is survived by her aged mother and also four brothers and three sisters.

Funeral services will be held at the residence of her mother in Arezville this afternoon at 2:30 o'clock in charge of the Rev. Wyle of Virginia, with interment in Arezville cemetery.

Those who will have charge of the flowers are Mrs. Gene Peck and the Misses Rosella Niemann, Grace Ham and Mabel Irving.

The pallbearers will be Clarence Burrus, Robert Hierman, Edwin Pahl, Chesley Houston, John Johnson and A. L. Weeks.

### FORMER ALEXANDER RESIDENT IS DEAD

Word has been received at Alexander of the sudden death of a former resident, Mrs. William Saffer. Death occurred Saturday while she was visiting her daughter in Nebraska. The Saffer family now reside at New Berlin. Walter Saffer, a son of deceased, has come to accompany the remains to New Berlin, where they expect to arrive this evening. Interment will probably be made in Woodwreath cemetery. Mrs. Saffer is survived by her husband and several sons and daughters.

Mrs. R. L. McCall has returned to her home at Alexander from Beardstown, where she has been visiting relatives.

Miss Pauline Lindsay and brother, Orville Lee, have gone to Naples, where they are spending week as the guests of relatives and friends. They are visiting principally at the home of Mrs. L. W. Barfield.

Mr. and Mrs. Ed Wackerle of Nebraska are visiting at the home of the former's brother, George Wackerle, at Alexander.

### MARY MELTON DIVISION WILL MEET AUGUST 27

Mrs. T. C. Chumley, Mite Box Secretary.

Mrs. Anna Hoffman of North Fayette street has returned from a week end visit with relatives and friends in Springfield and Rochester, Illinois.

Claude Cully left Sunday for Macomb where he will visit for a few days.

### CHANGE ROUTING OF TRAIL INSIDE CITY

Official Marker of Ocean to Ocean Highway Repaints Stripes and Alters Course Thru This City—Tourists No Longer to Drive Around Square

C. B. McMillan, official marker for the Ocean to Ocean trail, is repainting the trail markings along this section of the route, working out of St. Joseph, Mo., and thru to the Atlantic coast. He is also changing the course of the trail thru this city.

Hereafter the course thru Jacksonville will be as follows: Tourists coming from the east over the hard road will proceed to South Main street and turn north to the square. Instead of going entirely around the square to West State street, they will drive around the south and west sides, entering West State from the south. They will then drive west to Prairie street, instead of Park street, and turn south to College avenue. From this point the trail leads out of the city along the main line of the Ocean to Ocean route.

The signs being repainted are red and white and are now placed just above the tops of automobiles, so that they cannot be obscured by cars parked at the sides of the trail. The plan of having tourists drive around the square to the east and north and enter West State street from the north was abandoned, on account of the confusion it caused in the minds of strangers. Many of them would drive completely around the square and go out by way of South Main street. To people entering the city from the west, the above description of the changes in the route may be read backward and will not cause confusion.

### EDWARD DEVLIN TO WED MISSOURI GIRL

At a party given at the home of Mr. and Mrs. A. C. Pollman in Palmyra, Mo., Saturday evening, announcement was made of the engagement of their daughter, Miss Lillian E. Pollman to Edward A. Devlin of this city, the announcement being to the close friends of Miss Pollman who attended the function. No definite date has been set for the wedding but it will occur some time during the month of September.

The bride is a resident of Palmyra and has been a visitor in Jacksonville on several occasions and has many warm friends here. The groom is a son of Mr. and Mrs. J. E. Devlin and resides with his parents at 657 West Michigan avenue in South Jacksonville.

### FIRE IN EASLEY FURNITURE STORE

A small fire occurred in the John Easley furniture store Sunday night about 10:30 o'clock, which, aside from a hole burnt in the main floor and the cellar flooded with water, did very little damage.

The fire, the cause of which has not been ascertained, started on the floor near the middle of the building and burnt itself thru the floor, and allowing the fire to drop into the basement and to set fire to a pile of kindling. The firemen soon extinguished the blaze but were recalled to the place early Monday morning on account of smoke coming from the basement. There was practically no damage to either building or stock.

### LOCAL CROQUET PLAYERS DEFEATED AT CONCORD

Jacksonville's croquet pennant defenders, I. M. Bunce and Charles White, met defeat in a game at Concord Saturday night, when they were opposed by Ora Hamm and Earl Abernathy, Concord's champions. There were two games, the first a hard fought contest and the second what might be termed a walk away for the Concord players.

The game was played on the court which has just been completed at Concord and was witnessed by a large number of spectators. The Concord players were defeated in two games here recently and have now turned the tables. They have challenged to another contest, which will be played on the local court sometime this week.

### THE BUSINESS COLLEGE GOES ON AS USUAL

The sale of Brown's Business college building will have no effect on the continuation of the school. Arrangements have been made whereby the school will not be disturbed for the present and perhaps for the remainder of the year. The Fall term will open September third and fourth—enrollment on the third; classes on the fourth, in the old college building.

G. C. Claybaugh, Principal.

### WELL KNOWN CITIZEN IS CALLED BY DEATH

James McBride, Veteran Transfer Man Dies Monday Morning at East North Street Home—Was Prominent in Catholic Activities.

James McBride, a lifelong resident and well known business man of this city, passed away at 9:30 o'clock Monday morning at his home, 717 East North street. Altho he had been in failing health for sometime, his death came as a shock to relatives and friends. He was seriously ill only little more than a week.

Mr. McBride was a member of the transfer firm of McBride and Green, and had been active in the business life of Jacksonville since 1905. He was a trustee of the Church of Our Saviour, and prominent in the local council of Knights of Columbus. James McBride was born in this city June 2, 1863, a son of James and Anna McBride. Early in life he became an employee of the Chicago and Alton railroad, following in the footsteps of his father.

In 1905 he entered the transfer business, and soon formed a partnership with Frank Eades, which was known as the Jacksonville Transfer Co. This partnership was dissolved after the headquarters of the firm on East State street had been destroyed by fire. Later Mr. McBride

### SPIETHS RETURN FROM AUTO TRIP

Mr. and Mrs. Otto Spieth and family returned Sunday evening from an extended motor trip thru the north woods of Wisconsin, spending most of the time at their home town of Tigerton. They visited a number of studios along the route, met a number of Jacksonville people in their travels.

At Tigerton they saw Ray Hartman of this city, who passed thru that town in his travels. At Waupaca, Wis., they met Mr. and Mrs. Marcy W. Osborne and Mrs. Harrison King.

### BURGEO IS PLANNED BY CENTENARY CLASS

The Loyal Men's class of Centenary church are planning their annual burgeo for Thursday, Sept. 13. Each year the men's class of the church put on a picnic or burgeo in which all the men of the class assist and incidentally make enough from their efforts to take care of the class pledge for benevolence. Committees are now being organized, each group, with a definite and specific duty to perform.

The burgeo soup as prepared and served by the men of the church is always most appetizing. In addition to the soup, the men will serve pie a la mode, watermelon, sandwiches, ice cream and cake. The personnel of the committees will be announced in a short time. The men of the class and their friends are looking forward eagerly to the 13th of September.

### REVIVAL MEETINGS NEARING CLOSE

The good revival meetings in the big tent back of the Post Office will soon be over. Everyone needing help for soul or body should come right away before the meeting is a part of history. The attendance and interest is increasing. Since the last report a number more have been saved and healed by the mighty power of God.

If you wish to hear the Gospel of Christ preached in demonstration of the spirit and power come to this meeting. In Sunday night's sermon on the "Redemption of Man" the power of God attended the preaching of the Word. Evangelist Bennett used about forty scriptures to prove that men need redemption, that God has provided redemption in his Son Jesus and also the way to obtain redemption.

The topic of the message for last night was the "Baptism of the Holy Ghost." The "Two Covenants" will be the topic for tonight. All Christian people should take an interest in this meeting as it is yours. Come.
